"1298th SCSU  
AVIATION CADET EXAMINING BOARD  
Room 303, Syracuse Savings Bank Bldg.  
Syracuse 1, New York JOS;rl

3 April 1944

"SUBJECT: Commendation

TO:

"1. It is the desire of this Board that you be rewarded in some way for the overwhelming support given to the Aviation Cadet procurement Program. The Board, however, has no physical way of making the reward you so highly deserve.

"2. As one of the officially appointed CAP-ACEB Representatives, you have put your shoulders behind the wheel, pushed, and have overcome all obstacles. Therefore, your efforts have produced excellent results. You have worked long hours evenings, and in very bad weather, which our area has experienced plenty of during the past winter; this time having been devoted by you without any thought or possible means of financial compensation.

"3. Your cooperation with this Board has been of the very highest, and we take this feeble means to express our thanks to you, and sincere appreciation for your splendid accomplishments.

"4. Please join me in feeling "a great job well done," and God bless you.

JESSE O. SMITH  
Captain, AGC  
President, ACEB"
